

Annual Fulbe Believers Conference

The annual conference for Fulbe believers was held October 12-14. Due to uncertainties surrounding presidential elections at the time, the attendance was lower than most years. Those who did attend, however, report that they were greatly encouraged in their faith and blessed by the teachings and fellowship. We are grateful for the growing Fulbe leadership who are able to organize and host gatherings like this with little dependency on others.

Dahiru, one of the key Fulbe leaders and teachers, was not able to attend as he was in a car accident the week before the conference. He sustained three serious fractures to his right upper arm and shoulder which required extensive surgery. To date, he still does not have use of his hand and arm. Please be praying for complete healing,

Election Results

National presidential elections passed peacefully in October. The incumbent won a majority of votes and will hold office for another seven years. While there were a few calls for protest, mostly from persons outside the country, we are thankful that Cameroonians in general are peace-loving people and patient to wait for any desired change. Thank you for praying with us that peace would reign.

During this Advent Season our hearts are overflowing with gratitude for our many faithful prayer and financial supporters. Lives in Cameroon are being transformed because of your generosity. Thank you!
